

Welcome to our Spring/Summer 2021 edition!

It has been quite some time since our last newsletter and we are pleased to be able to bring you the latest news & updates from Denuvo Dental.

We would once again like to thank all of our loyal patients who have supported us during this very difficult time. The safety of our patients and staff has always been our number 1 priority and we are thankful to be in a position now where we can offer more services and increased appointment availability.

We have created a gallery of photographs taken throughout the pandemic to give you a glance of the last 12 months at Denuvo!

Increased safety measures at Denuvo!

We are delighted to announce that from the beginning of May, we have been able to operate two surgeries simultaneously again. This is something we have been unable to do since the start of the pandemic due to the fallow time required after an aerosol-generating procedure (AGP).

What is fallow time? Fallow time is the length of time a surgery has to be vacated following an AGP.

What is an AGP? AGP's include- fillings, root canal treatment, crown/veneer/bridge preparations and hygiene treatment involving the ultrasonic water scaler. The science tells us that it takes 60 minutes for any covid particles to fall and settle from the air, following an AGP, so we have had to leave the surgery for an hour and then go back in to deep clean it. Due to these necessary restrictions, we have always required a "back-up surgery", hence why we have only had one Dentist working at any one time.

Introducing Professional Heavy Duty Extraction Fans

We have recently had these special fans installed in both surgeries. They provide 16 air changes per hour which is well in excess of the recommended levels and consequently we have been able to drastically reduce the fallow time safely. The fans have been certified on installation by our dental equipment provider and we are using them as specified following our National Guidelines. The whole team feels a lot safer and we are sure our patients will too! If you are feeling nostalgic about travelling abroad, simply close your eyes and listen to the powerful sound of the fans as they sound very similar to a plane taking off!

Below- our first team meeting via Zoom!

Below- Since the start of the year, Jonathan has been volunteering most of his free time administering vaccines at Tonge Moor Health Centre. The whole Denuvo Team are now fully vaccinated.

Love your smile!

Looking to transform your smile this year? Look no further! With leading cosmetic treatments such as Invisalign and Boutique Whitening, we can take care of that for you. Oh and don't forget, you can spread the cost of your treatment over 12 months interest-free or up to 5 years at 9.9% APR!

Considering dental implants? Say Hello to Dr. Jonathan Kennair!

We are very pleased to have recently welcomed Dr Jonathan Kennair and his Nurse, Nadine, to the Practice. Dr Kennair has been visiting the Practice once a month to place dental implants and also treat patients needing complex or surgical extractions; something they may have had to wait months for with an external referral. If you would like to arrange a Consultation with Dr Kennair, please contact the Practice and we can talk you through the process.

You can check out Dr Kennair's bio on our website

and also his own website and social media-

Welcome Hayley!

We are delighted to welcome our new Nurse, Hayley, to the Practice. Hayley will be working with Janet mainly however you may see her working with Kevin and Jonathan on some occasions! Hayley started at Denuvo in April and we are very happy with how well she has settled into the team. Hayley's warm, gentle manner will surely put you at ease and that combined with her extensive experience will undoubtedly help our patients have a great experience here at Denuvo!

New uniforms!

We think our Nurses Sue, Emma and Hayley look lovely in their new uniforms! Here at Denuvo Dental we love a splash of colour!

Contrary to popular belief that the Hygienist isn't the most popular member of the dental team, the demand to see Kevin this past few weeks has been very high! Patients have been rushing to get their teeth clean and sparkling after months of restrictions on aerosol-generating hygiene treatments. Kevin is now back on a Monday 9-5pm and Tuesday 2:30-6:30pm. You can book an appointment with Kevin online or contact the Practice via phone or email to book.

Denplan Care
is an affordable way to
budget for your private
dental care.

Plans start from £15.75

Contact the practice for more information

**Give your child
the best possible
start in life.**

Budget for your children's
dental care to get complete
preventive dental care
from an early age.

Plus enjoy the peace of
mind of knowing your child
will see the dentist twice a
year, every 6 months.
